HIRE SPEED COP TO PATROL MAIN ROADS OF COUNTY

COUNTY BOARD TAKES DRASTIC ACTION TO CUT TRAFFIC DANGERS.

40 NEW DEPUTIES

Each Supervisor to be Appointed Deputy Sheriff—To Pass New Laws.

Rock county board members took drastic and concrete action to stop traffic violations, speeding, reckless driving, and the use of road obstructions by overloaded trucks, during the closing session Thursday.

All supervisors on the board, who can qualify, are to be appointed deputy sheriffs by Sheriff Cash Whipple.

In addition District Attorney Charles E. Moore was instructed to prepare ordinances, backed and supported by the state traffic laws, to apply to the county.

Also the county will hire a patrolman, equipped with a high speed motorcycle to patrol the county highways.

Stop Violations

With these three clubs the county board expects to stop reckless driving and mis-use of the roads. There is some chance that County Highway Commissioner Charles E. Moore will also be made a deputy sheriff.

An Appropriation of \$2,500

was passed to purchase the equipment for the motor traffic officer who is to drive a high speed motorcycle a month and be responsible to the highway committee.

Autos "Ovi" Roads

Instances were cited where owners of high powered pleasure cars are too "high handed" in their use of the highways. Commissioner Moore told of the county highway patrolman being "ordered" to get off the road to let a speeding car by the patrol truck and sander.

The recent accident near Town Line which cost the life of William Butler, and the long list of accidents on the Beloit-Janesville concrete road also spurred on the supervisors to enact just as drastic laws and means as they could.

Will Pass New Statutes

"We will stop the big trucks or stop building highways," warned Chairman J. D. McGowan.

Ordinances are to be prepared which will restrict the use of the highways to vehicles of certain capacity. The county laws will apply both to horse drawn and motor vehicles. The penalties for overloading will be increased. Each load carried on four wheels, permitting heavy loads distributed over trailers.

Most of the supervisors in townships outside of the trunk line roads. One deputized they can make arrests for speeding, violation of the laws on headlights—which is one of the greatest traffic dangers—and the use of headlights by people under influence of intoxicants.

Farmers Will Not Pay Higher Rates on Farm Line

Ninety-six farmers of the Beloit Farm Telephone Company, who met last night at the First Church, Manchester, and indicated their determination to stick to the statement they signed that they would have their rates thrown out of the rates were raised.

Charles Glenn presided and Chas. Bennett was secretary. All agreed to stick to the resolution of February 14 and not to pay the higher rates if the commission finally adopted the petition asking for the increase to \$2.25 a month with extra switching charges.

Anderson, manager of the Bergen Telephone Company told of the operation of his line and that it was handled satisfactorily. The Wisconsin Telephone Co., with a rate of \$1.25 a month, the company was in better shape than it had been for 5 years and had excellent service.

It was finally determined to ask the Farm Bureau to take the matter up and make a fight for a continuance of the present rate. While there are 508 subscribers for the farm line the loss of 95 will be severe and it is stated that others will follow with cancellations of service.

Women Autoists Harbor Stranger Whose Firing Killed Chief of Police

[By Associated Press.]
West Chicago, Ill.—George Rehm, chief of police, was killed and James Schaner was wounded early Friday by a stranger who had stopped to question the man who escaped in a yellow wheeled automobile with two women, taking the road to Chicago.

The two women drove into town about 4 p. m. stopping to ask the way to St. Charles, Ill. As Chief Rehm approached them, they turned and drove away. A moment later Schaner saw a man prowling along the street and notified Rehm. When the chief approached to question the man, he suddenly drew a pistol and fired directly at Rehm, hitting him twice and then turned and fled.

The car driven by the two women came up and the stranger got in and drove away.

Rehm was taken to a hospital in Chicago and died shortly after his arrival.

The entire town was aroused by the shooting and a dozen shots were fired by the man prowling along the street and notified Rehm. When the chief approached to question the man, he suddenly drew a pistol and fired directly at Rehm, hitting him twice and then turned and fled.

County Agent, Reappointed, May Refuse Due to Salary Cut.

T. T. Glasco for two years county agent for Rock county was unanimously the choice of the county agricultural committee for reappointment during the committee meeting held during the county board adjourned Thursday afternoon. The county board committee met in conference with the Rock County Farm Bureau executive committee.

There is some question now whether Glasco will accept the offer of reappointment. The county board committee met in conference with the Rock County Farm Bureau executive committee.

The Farm Bureau will give \$1500 to be paid in two installments, for the support of the office. The county gives \$1,000 and the state and federal aid amounts to \$2,500 a year.

Under the new provisions all pay to the county agent and expense account will be handled through the county clerk and county treasurer and the salary limited to \$2,400 a year. This is the amount Agent Glasco came here for but later received \$50 a month additional from the Farm Bureau.

The committee took action to completely separate the county agent from the Farm Bureau. It was agreed that the executive committee of the Farm Bureau and the county committee would meet jointly for the promotion of agricultural problems.

"I have not yet determined whether I will take the office," stated Mr. Glasco Monday. "I am pleased that the office was re-established and that the appointment was offered to me."

SAYS LEWIS TOLD HIM FIGHT WAS FIXED IN ADVANCE

COPELAND, DECLARES LEWIS SAID HE HELD BACK ALL WAY.

TO SAVE THE "KID"

Managers and Fighters Reported to Have Framed During Afternoon.

Hearing on the Schaefer-Lewis fight will be held by the state boxing commission at Milwaukee next Monday, according to a telephone conversation that Matchmaker Riley had with the commission officials Friday morning.

"The commissioners told me that they would want more information from Janesville," he said.

Admission that the Schaefer-Lewis fight was fixed was made by Matchmaker Riley to the Milwaukee Press, proprietors of the Badger Cafe, according to Copeland, Lewis is a Greek and so are other men who stated that he told them his story in Greek.

"It was the second frame up that I ever made in my life," Copeland quotes Lewis as having told him Wednesday night in the restaurant where the fight was held. "I could have knocked out Schaefer any time in the first five rounds, but I held back. We talked to each other in the clinches."

"Blow Was Accident"

The left jab that floored Lewis in the tenth for the count of eight and almost put him out was an accident, according to the information given by the same informant. It was a wide swing that Schaefer delivered while bending back and Lewis, who was standing in front of him, never expected it.

According to Copeland, Lewis told him that with Art Winch, his manager, and Joe Bonin, who turned out to be a sucker, they had framed the fight so that there would be no knockout. Lewis is said to have declared, according to the same source, that he was doing a good deed by letting Lewis win because Schaefer was ill and feared he could be put to sleep which would mar his string of 42-kayos-and-spoil his chances at Omaha, his home town, where he was booked to fight.

Lewis is the man who appeared in the opener at the Dempsey-Willard championship battle.

Committee Is Told

Copeland gave the same story to Charlie Riley, matchmaker of the Elix boxing club. Riley forwarded the data Thursday night to the state boxing commission. Riley was in investigation of the case, which is being made on the report of Riley and the fact that the matchmaker had been framed by the two women.

LADS RUN OWN MOVIES,--POLICE EXPLODE DREAM

Chicago.—Three small boys, their hands of careers as moving picture house managers suddenly interrupted, were held Friday by the police while the hopes of several hundred children of well-meaning screen dramas at the newly reduced prices were terminated.

The youths, aged 12, 13, and 14 years, had gained entrance to a neighborhood theatre closed for remodeling, broke open a drawer containing films and opened the house for business, charging 2 cents admission. The boys were employed as musicians.

Two passing policemen investigated and found a crowd of youths present.

STATE ENGINEER TO SPEAK HERE

John G. D. Mack Will Address Open Meeting in City Saturday Evening.

John G. D. Mack, Madison, head of the state department of engineering has been secured to talk at an open meeting at Union Labor hall, at 813 Saturday evening. He is being brought here by the Janesville unit of the National Association of Stationary Engineers to talk on John Erickson, one of America's greatest engineers.

All engineers, firemen, electrical workers, superintendents, and employers are urged to hear Mack. The least branch of the association has been accomplishing much along the lines of education. The object of the semi-monthly meetings is to improve the members in their trade.

For many years, State Chief Engineer Mack made a hobby of the study of Captain Erickson's life and work.

A recent book gave the biography of men born abroad who became naturalized citizens of the United States and made world reputations as inventors. It was a book of nine names, the second in order being Captain John Erickson, the subject of Mr. Mack's talk.

Captain Erickson probably made more failures than any other inventor and yet he made overwhelming successes which changed the course of the world's history. He is best known as the designer of the "Morse" which made every warship in the world obsolete a second time, as he had accomplished the same thing 15 years before by the almost forgotten "Other Invention."

The captain made a host of successful minor inventions. He was one of the most interesting characters in the history of this country, and was one of the great saving forces in the trying days of the Civil war.

Officers of the local Association and the Janesville unit of the School for the Blind, president F. J. Andrews, vice president Walter A. Ross, secretary and John W. McCue, treasurer.

Health Board Urges Cleaning of River Banks

Janesville's river banks within the central part of the city are not only unsightly but need a cleaning up to avoid disagreeable odors during the hot summer days. It was reported by the health board that an inspection was made Thursday afternoon. Dr. L. J. Woodworth, city sanitary inspector, Mr. Chief Clerk Murphy and Mr. O. Holman, manager of the Chamber of Commerce issued the statement.

While it was stated that there is nothing particularly unsightly at present, it is suggested that several feet of the river, coming evidently from towns further up, settles along the banks. According to Mr. Holman, Inspector Woodworth will make a survey of the river banks and report to the health board.

The inspection tour covered the entire city, especially the back alleys. These are reported to be in good condition.

People are urged to work all over the city, cleaning up their backyards. The general report issued Friday is that the cooperation is excellent.

"Those men should go to the penitentiary," said Chief Gilman, but I'm glad you gave them the limit. It was only a few nights ago that some Evansville people in a car came across two Janesville girls trucking back to the city from a spot about four miles from the county line. They had been lured by some of these "he-vamps." Refusing to yield to the men's wishes they took the alternative of walking home.

LEADERS IN GROUP OF 47 CONVICTED ESCAPE PRISON

Several Are Holding Offices in Russian Soviet Government.

[By Associated Press.]
Chicago.—The real leaders in the group of 47 W. W. W. convicted anarchists were war time conspirators have jumped their bonds and are believed to be furthering revolutionary ideas, federal officials said Friday after a final check-up of the 47 men who were to report to the Leavenworth penitentiary following refusal of the United States supreme court to review their cases.

Nine convicted men are at liberty, the others either having received the penitentiary or being on their way. It was said. Most of those in hand are termed small fry, or men who "happened across" other leaders of the government wartime dragnet.

Six are Chief Investigators

Of the nine who are free, six are looked on as chief investigators of anti-war activities. Three of these six are believed to be holding "cabinet" positions in the Russian soviet government and three are believed to be in this country, working to remain in the country. One of the six are expected to give up within a few days.

Ralph Chaplin, editor of the Solidarity, once an officer in W. W. W., was said to be the only "big gun" in the conspirators who is now at Leavenworth.

Kingsley, who had been here only a short time, is alleged to have stolen more than \$1,000, the amount of the bond. Application for a bond had been made by the company, but it had not been accepted by the bondsmen and was a loss to the company.

Kingsley went to Rockford Thursday and went into the Diana cafe for a luncheon and was recognized by Miss Missersknecht, a former manager of the Janesville hotel who had been acquainted with him while here. In a conversation in which Miss Missersknecht recognized him, he stepped into a telephone booth and called the manager of the Rockford and Intertown company at Rockford.

Kingsley left the restaurant and went to the office of the Williamson Motor company, where he was arrested.

SHOPIERE BUILDING
 (By Gazette Correspondent.)
 A heavy wind struck the village Monday afternoon, and great damage to farms here.

Greater damage was done on the farm of W. Talbot, just south of the village. It blew one of the barn buildings from the foundation and destroyed a silo.

COUNTY BOARD TO
MEET AGAIN AUG. 2Adjournment Taken Late
Thursday After Grinding
Out More Business.

The next meeting of the Rock county board will be held August 2, the supervisors having rushed through the committee reports Thursday afternoon, effecting an adjournment at a late hour.

A mass of minor business was transacted during the afternoon, the supervisors coming in with their committee reports to adopt and be acted upon by the board.

The road building policy of the county board and the method of using the funds was left open and was placed as a special order of business during the August session.

Clinton School

Matter Still

Hanging Fire

Clinton.—After several propositions

to solve the consolidated school prob-

lem have failed, another meeting has

been called, when the citizens of Clin-

ton and neighboring districts will

gather to a solution to be presented by

Inspector Dick, Madison, supervisor of

rural grades and high schools.

Whether or not the rural districts

will not solve the school problem for

Clinton. In the event it receives no

financial help from its neighbors, the

town must go ahead with the erection

of a new school or remodel the old

one. The former plan is favored.

State aid of \$2,500 a year will cease

at the end of the school term in June

if nothing is done. The claim is made

by Clinton in advocating a union high

school that 57 per cent of the pupils

in the high school are from out of

Clinton and 40 per cent in the grades.

MADISON BUILDERS
ASK REMOVAL OF
POLICE OFFICERS
(BY ASSOCIATED PRESS.)
Madison—The Madison Master
Builders' association, which has
locked out union labor until the lat-
est will agree to a 10 cent an hour
wage reduction, will ask the removal
of Chief of Police Thomas Shaugh-
nessy, Captain Perry Davenport, De-
tective William Hogan and four
patrolmen in a petition to be sent to
the board of fire and police commis-
sioners.
The action is an outgrowth of a
free-for-all fight which occurred
Wednesday night at the Northwest-
ern station between 300 union pick-
ets and about 25 representatives of
the Madison Police Department, led
by the contractors to erect impor-
tant buildings in places of safety on
their arrival here.

THE TWO EXTREMES
One day, a few months
ago, a man was in the
bank, to close up one of the
largest deals we ever help-
ed to handle.
While we were busy with
this important work, a
small boy came to de-
posit the pennies from his
little toy safe. Both of
these patrons were given
prompt and careful ser-
vice.
What could better illus-
trate the fact that we are
ready to serve all the peo-
ple—no matter what age
or the nature of their busi-
ness.
That small boy with his
pennies may some day be
one of the largest deposi-
tors of this bank—who
knows? At any rate it is
our plan to give all pa-
trons prompt and careful
attention.
Isn't that what you are
looking for?

TEAM WORK BEATS BRAVN IN GREAT BATTLE, 29 TO 23

Sensational team-work triumphed over brawn Thursday night and the Janesville All-Stars annexed the basketball championship of Janesville in a thrilling game, defeating the American Legion, 29 to 23. From the very start, the battle kept the fair sized crowd on edge with its startling plays and clean-cut action. The last quarter was the victors' sure of capturing the bacon.

It was a sizzling battle. The older and heavier ex-service men played a remarkable game considering that they have not been playing together for almost two months. Against the smooth machine of the Stars, they threw all their energy, but still failed them in the final period.

The first three stanzas were tough battles. The scores tell the story. At the first quarter, the fighting was 3 to 2 for the Stars; 15 to 10 in the second; 23 to 15 in the third; and 29 to 23 in the fourth quarter. The Stars won 15 all.

Legion Works Fast. Legion fans brought them to that tie. The Stars started off the second half with a blaze of speed shooting the count to 15 to 7 before the veterans could get together. In a great spurt, the legionnaires piled up eight points to make it even.

In the final quarter, the Stars started out with steady, telling team work. For five minutes, each side took turns in scoring and retaining the tie. Then the Stars ran up a six point lead that they held until the final whistle while the crowd went mad with cheers for their favorites. The legion resorted to long shots.

Cubs Crazy to Get Down to Steady Business

Having played but eight games in 25 days, the reorganized White Sox today were called upon to face the world's champion Cleveland team, fresh from a battling loss on their home diamond at the expense of Detroit, resulting in 23 hits Thursday.

The Indians made it three out of four by taking the lead off the Tigers, 18 to 6. Cleveland had the game sewed up in the fourth by hitting a homer with the sacks full.

Perry of the Phillies was knocked out. Bush of the Red Sox was pulled out. Walker made a home run for Philadelphia—out of the mess Boston won 6 to 2.

NATIONAL LEAGUE. Dropping off at Columbus, the Cubs won from the American association club, 5 to 1. Black hit a four bagger with two on base.

Chicago (2) nothing. New York made a clean loss of the four game series when the Dodgers took an another victory, 2 to 1. Johnston's triple followed by two singles put the game on ice in the seventh.

Ralph Miller whipped out a homer in the first with three on and Meadows duplicated in the eighth. Philadelphia wallowing Boston, 11 to 6.

AMERICAN ASSOCIATION. Not content with breaking up Wednesday's game with a circuit clout, Red Russell did the trick all over again Thursday. Joe Canillon's Millers defeating Milwaukee, 3 to 2. Eddie Schaak had allowed the Port-

LANDING. Two home runs and a triple by Brief in three times up, and a homer, double and two singles by Butler, featured Kansas City's win from St. Paul, 8 to 1. The Apostles got their tone tally on Miller's for base bat.

ERLIN STILL HAS CHANCE TO PAY UP

Opportunity to Modify Reparation Proposals Holds Until May 1.

By DAVID LAWRENCE.
Washington.—Germany still has an opportunity to modify her reparation proposals and make them satisfactory to the allies and thus prevent occupation of the Ruhr, May 1.

Although the United States government is not taking the initiative or adopting any course that might be construed as an effort to persuade Germany to change her proposals, nevertheless the cables and radio have conveyed to Berlin within the last 24 hours enough newspaper dispatches and official utterances from Paris and London especially to let the Germans know their offer is unacceptable.

Difference Is Over Method.
The difference between the allies and Germany does not center on the amount to be paid but upon the terms and method of collection. An error in the cabled text has been discovered which puts a different light on at least one important paragraph of the German proposal, that which relates to "unproductive outlays." The first version made it appear that the German government wanted to be rid of these outlays which are interpreted to mean the funds spent

in sustaining the allied armies of occupation but the German government's official statement now says the note should have read that "unproductive outlays" and that the phrase refers to disadvantageous trade arrangements.

Means Recent Penalties.
In any event, the most objectionable clause in the German proposals is that which declares as a condition of payments that all penalties or "sanctions" must be removed. The Germans declare officially in a supplementary statement made after the London conference that this means only the penalties imposed by the recent London conference and does not involve in any way the sanctions provided by the Versailles treaty.

Should these two important points be made in an official communication to the United States it may be that when the allies examine the new proposition it may fall into the category of a "suitable basis" for discussion later on. For the moment the French are determined to occupy the Ruhr and talk about modifications in the German proposals afterwards. The French believe they will be better able to force German acceptance when the French troops are in possession of the valuable resources of the Ruhr valley than now when French public opinion would be indignant over anything that resembled dilly-dallying on the part of the British ministry.

Depends on Details.
The Germans have approximated the sums asked by the allies but, as indicated by the British counter-questions, everything depends upon the details of the proposal and not the general principles or vague promises of the German note. Meanwhile the United States government is pursuing a wary course, fascinated indeed in its disingenuousness. The American government

doesn't want to close the door to a settlement of the reparation problem which it realizes means so much to the economic condition of the whole world. And the Washington government, on the other hand, doesn't want to adopt any course that would encourage Germany to believe America has deserted her associates in the war. The league of victors in the war is still intact, although Germany sees here and there a wavering hope of division in the allied ranks.

Hughes Equal to Situation.
Secretary Hughes has the whole situation well in hand. President Harding has so much confidence in him that he went off to Hampton Roads to review the Atlantic fleet and gave the secretary of state complete authority to go ahead without further reference to him. This is some sort of a change over the Wilson method. The custom in the preceding administration was for the president to permit no action to be taken on important matters of foreign policy without his explicit consent to every move, however detailed. The last cabinet meeting on Tuesday gave Mr. Harding an opportunity to set the advice of his colleagues and a course of action was determined upon. But every hour brings changes and Mr. Hughes is compelled to take the full responsibility for the course of the United States government.

Moves Partly Secret.
The various moves in the situation have been taken partly in secrecy and partly with public knowledge. The German note did not arrive in Washington until about 5 o'clock Monday afternoon. Within an hour the French and British ambassadors here had unofficial copies for the information of their governments. As stated in these dispatches and now confirmed by a cablegram from Edinburg, the American government

of the New York Times, the allied diplomats had a chance to say formally to Mr. Hughes what they thought of the German proposal. Or, indeed quite personal, but sufficient to let Mr. Hughes know the new proposal was not acceptable to the allies.

Mr. James cables today, for instance: "French diplomats are very pleased with the graceful manner in which Secretary Hughes permitted the Paris government to place a veto on the German proposals and here that as soon as he got the proposals, Mr. Hughes gave Ambassador Jusserand the opportunity to point out that they did not measure up to what France had demanded. Ambassador Jusserand cabled this fact and last night Paris confirmed his opposition."

No Formal Action.
The foregoing throws an interesting light on state department details that they had received formal notification from the allied governments and proves that the American government has not been in the position of formally offering the German note to the allies. The department of state has been eager to have as much time as possible for the exchange of views between the allied governments and Washington and also to give the allies full opportunity to change their minds if they found anything in the note that would permit it to be used as a suitable basis for negotiation. Secretary Hughes has handled the matter with all the delicacy of an experienced diplomat, and thus far, contrary to the expectation in some allied quarters, the eminent secretary has not had his fingers burned by the cross-current of interests involved in the reparations controversy.

COUNTY RE-ELECTS VISITING NURSE

Move to Increase Miss Leutscher's Salary to \$140 Is Beaten.

Miss Anna Luetscher, county visiting nurse, was re-employed Thursday for another year at a salary of \$125 a month and traveling expenses although there was a decided effort to increase her compensation to \$140. There were many supervisors who praised the work of the visiting nurse and Supervisor O. B. Hall, Johnston, vainly sought to bring about the \$15 increase. The resolution for the county nurse was presented by Supervisor J. C. Wilson, chairman of the new committee, and called for the increased salary. This was cut down and arguments advanced for and against the raise. There is an appropriation available until next year for the office. "We have got the money to pay the salary and she is worth it," it was declared.

"The fact that we have got funds seems to me no reason why we should have to spend all the money we have got," declared W. J. Lathers, town of Turtle.

In the opinion of Dr. C. M. Smith, Evansville, the \$125 a month and traveling expenses is sufficient. Claim was made that the average trained nurse earns \$150 a month. "That is true but the trained nurse works 24 hours a day and doesn't have an automobile supplied

by the county to run around with and use on Sunday," answered Dr. Smith.
